**William J. Phelan**

Dear Resident,

The Mayor's Office of Constituent Services is pleased to offer you the newest edition of the Purple Pages. The City of Quincy offers a wide variety of safe, affordable and fun activities for kids of all ages. Does your child enjoy sports and fitness? Does skiing in the winter and sailing in the summer sound like fun? Or how about learning how to play soccer or basketball? The City's Recreation Department offers many different activities between November and April each year including dozens of sports, open gyms, and summer playground programs. We have a great team of coaches who are eager to make sure that the kids learn the sport and have fun doing so.

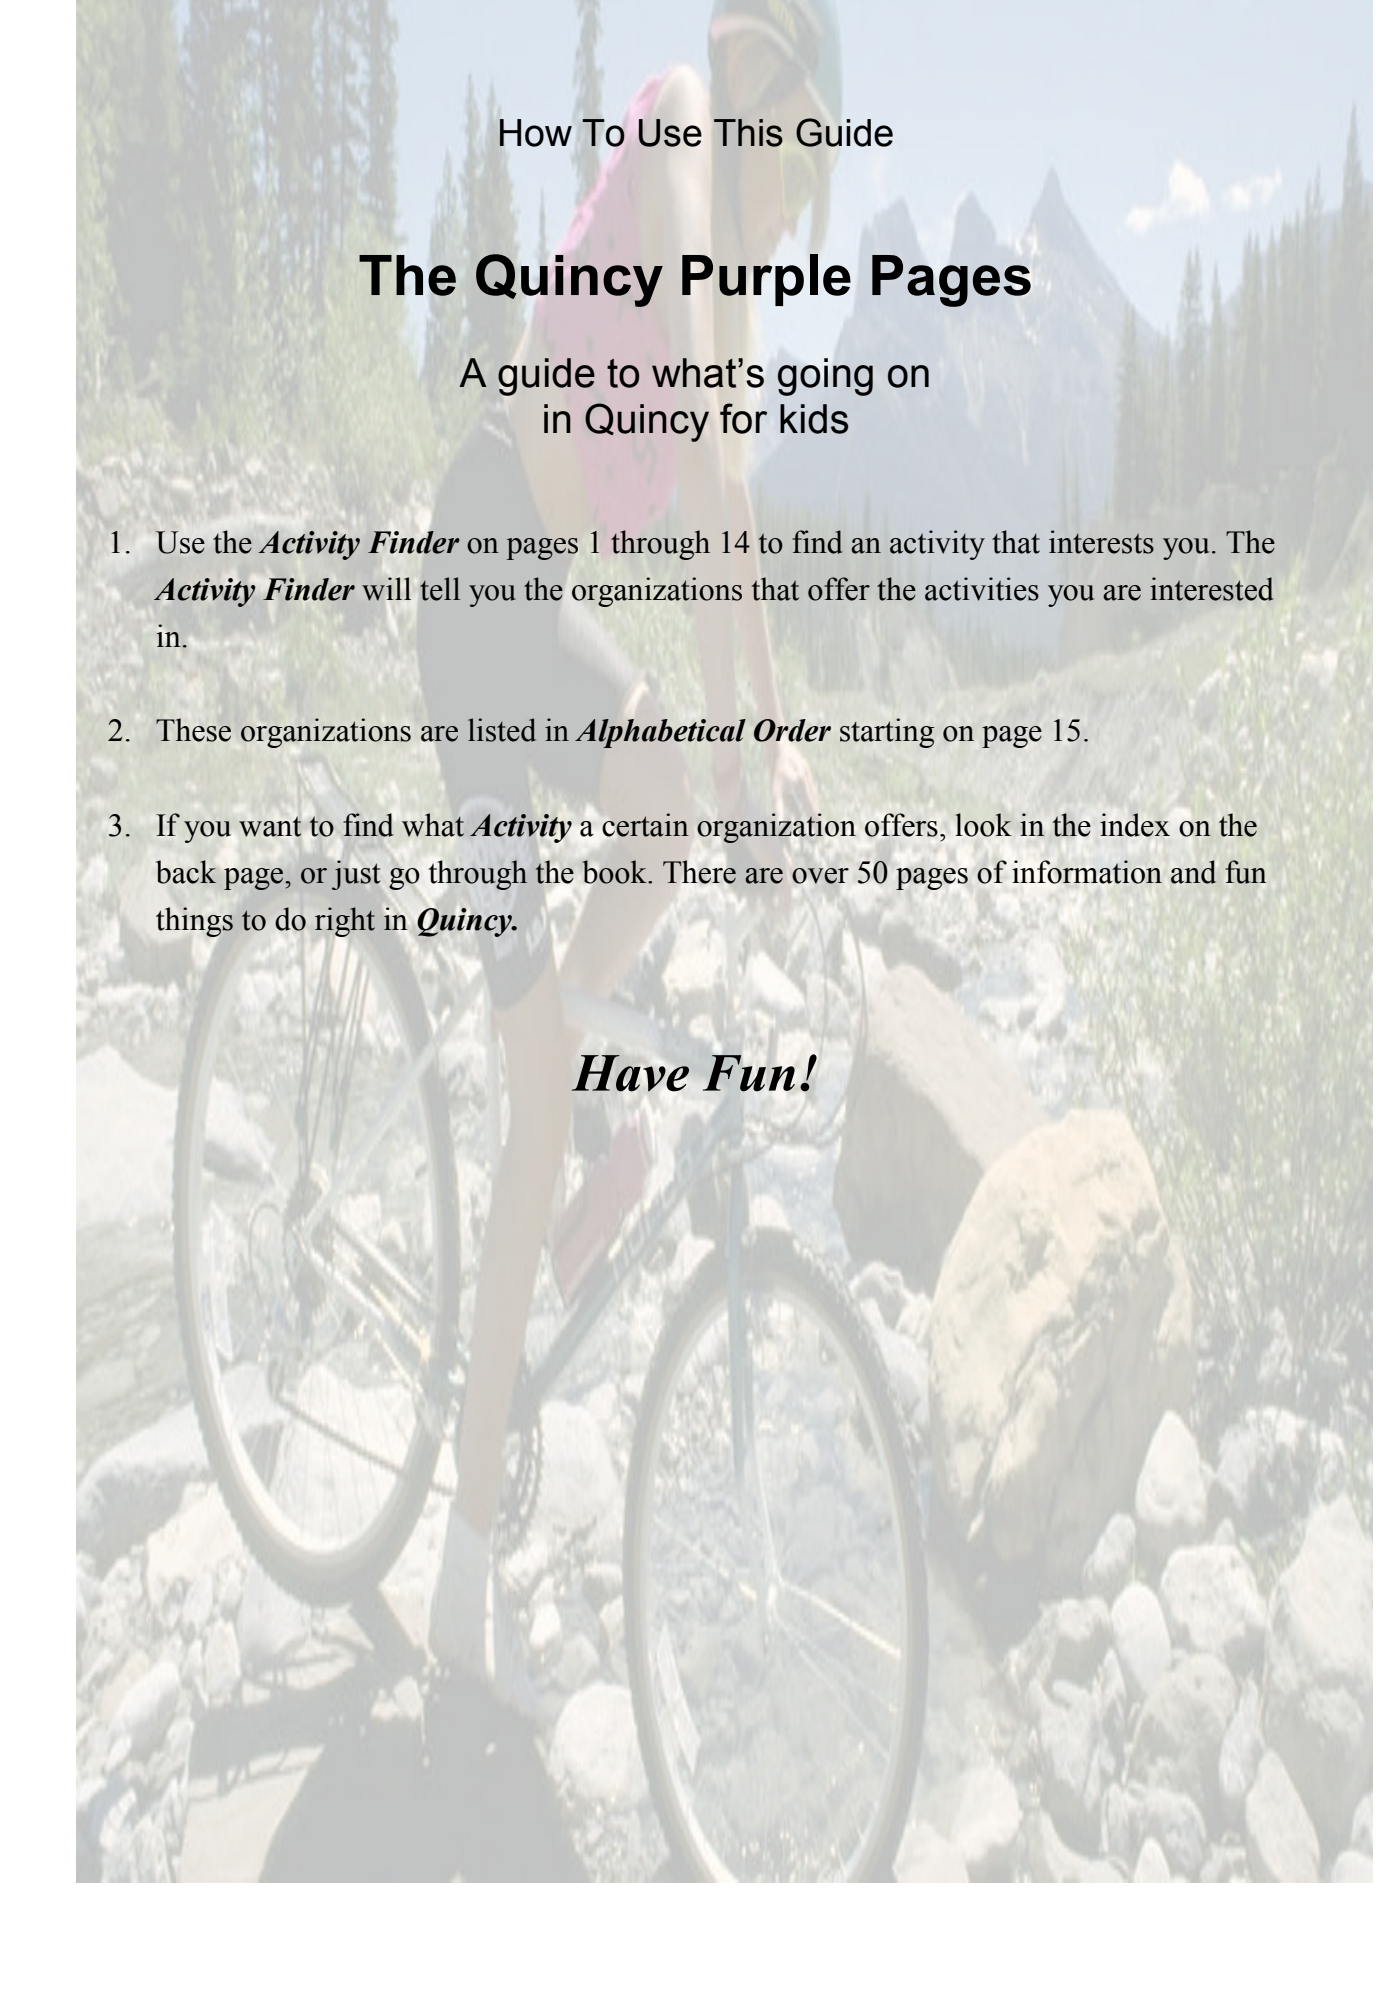

In addition, we offer arts & crafts, a Quincy Access Television program where kids can learn about how a television studio operates, ceramics classes at a local studio, or a "Girl Power" camp at the Germantown Neighborhood Center.

There is something for everyone inside the Purple Pages! Please do not hesitate to call the Office of Constituent Services at (617) 376-1500 if you have any comments, questions or suggestions about this edition of the Purple Pages.

Sincerely,

A handwritten signature in black ink, appearing to read 'William J. Phelan', written in a cursive style.

William J. Phelan  
Mayor

A person wearing a pink tank top and a dark long-sleeved shirt is riding a mountain bike on a rocky trail. The background shows a mountain range under a blue sky with some clouds. The person is leaning forward, and the bike is in motion. The overall scene is bright and sunny.
